

Friday, February 28th is Rare Disease Day!

The zebra is the mascot for rare disease patients because, in medicine, zebras represent uncommon answers. One out of every 10 Americans has a rare disease. On **February 28**, **#RareDiseaseDay**, post a selfie with the hashtag **#ShowYourStripes** to share your rare story with others! Wear black and white on Friday, the 28th to help raise awareness and stand tall with the RARE WARRIORS out there!

Want to help?

Help support by making a donation. The process is fast, easy, and secure. To donate: <https://donate.rarediseases.org/fundraiser/6109248>
